THE BIBLE AND ITS ORIGIN

- The English word Bible comes from biblia in Latin and biblos in Greek which term means book or books.

- The Bible is composed of 66 books and is divided into two sections the Old and New Testament. The first book of the Bible was recorded approximately in B.C. 1,500 and the last book Revelations was recorded approximated 100 years after the birth of Jesus. The entire Bible took approximately 1,600 years to be recorded.

- Geographically, the Bible was recorded in three vast continents from Babylon, Asia to Rome, Europe. The Old Testament was mainly in ancient Hebrew and a part is written in Aramaic. The New Testament is written in Koine which is also known as Greek. There were over 40 people who recorded the Bible with different jobs, age, position and class.
